In the United States District Court
for the Northern District of California

ROGER SCHLAFLY, Plaintiff) Case C-94-20512 SW PVT
v.)
PUBLIC KEY PARTNERS, and) Case Management
RSA DATA SECURITY INC., Defendants.) Statement
and)
RSA DATA SECURITY INC., Plaintiff) Case C-96-20094 SW PVT
v.)
Cylink, Caro-Kann, and Stanford) 2 pm, Apr. 17, 1997

The parties conducted settlement negotiations with Mag. Trumball in Feb. 1997. We reached an impasse on the MIT patent. A settlement was orally agreed to on the Stanford patents. I hope that the issues of validity and scope of the Stanford patents will have been settled before the settlement conference, but I cannot say for sure because the parties are still preparing and reviewing the settlement papers. If the settlement does not occur, I will request a ruling on the Stanford patents.

1 There is a discovery dispute which has not been resolved. I made
2 a broad request for documents which have already been produced in
3 the Cylink/RSADSI litigations. Defendants objected. I am still
4 trying to resolve the matter, but it may have to go before the
5 Magistrate.

6
7 The remaining issues are the MIT patent, Schnorr patent,
8 antitrust, and business practice claims. There is a motion for
9 summary judgment that has been pending for a long time on the
10 patents. Perhaps we need to have a Markman hearing on the MIT and
11 Schnorr patents.

12
13 At the case management conference, I would like to get the
14 remaining issues back on the calendar.
